

**La Touche Training,
eDiscovery Conference 2018
Friday November 30th, The RDS, Dublin 4**

Distinguished Speaker: Mr Leon Major, KLDISCOVERY.

Leon Major has over 10 years of experience in advising top law firms and their clients in the use of advanced technology to effectively manage ediscovery projects in litigation, arbitration and internal or regulatory investigations. Leon has considerable experience using Technology Assisted Review techniques and Predictive Coding in reviews and investigations in jurisdictions around the world. In the last 10 years Leon has managed teams of Ediscovery Consultants and Strategic Review Consultants who support KLDISCOVERY's clients in using all proprietary and third-party review tools to ensure the most effective use of the latest ediscovery technologies and techniques. Leon functions as a point of escalation for complex, advanced and sensitive technology matters within the Legal Technologies group at KLDISCOVERY.

His specialities include:

- Predictive Coding and Technology Assisted Review
- Automated Workflow Design
- Case Assessment Consulting and Data Culling
- Training and knowledge transfer
